Objective

A passionate full-stack developer with a heavy focus on front-end development. I enjoy the process of learning as I create applications, and welcome challenges.

Education

Lambton College
(September 2020 – April 2022)

Computer Programmer Diploma

Dean's Honor List, 3.8/4.0 GPA

Offers the opportunity for students to study current trends in website development, computer programming, database design and development, mobile development, and web technologies.

Experience

August 2022 - Current
Freelance Web Developer
Practiced/studied online courses and created websites for local videogame tournament organizers.

November 2018 - Current
Store Manager • Kaffeine Sarnia
Worked independently and handled customer services very efficiently with high customer-satisfaction. Manage and handle product stock, as well as customer orders.

August 2019 – August 2020
Deli Clerk • Metro
Worked efficiently with a team to deliver products on time as requested from the customer. Communicated tasks to team members and handled stressful situations effectively.
